

Course Title	Course Duration
RISK ASSESSMENT (Eco16)	1 DAY

Course Overview

The Management of Health and Safety at Work Regulations 1999 require every employer and self-employed person to make a suitable and sufficient assessment of health and safety risks.

This course provides delegates with knowledge and understanding of the risk assessment process and the skills required to undertake a suitable and sufficient risk assessment.

Who Should Attend

This risk assessment training course is aimed at personnel who have been given the task of carrying out and communicating risk assessments. E.g. Managers, supervisors and business owners

Other Requirements (e.g. Equipment needed)

Any delegates with special needs should alert these to the company prior to attending training e.g. dyslexia to allow time for the necessary arrangements to be put in place.

Course Content

This course involves both practical and theoretical sessions. It will focus on:

- Overview of legislation.
- Accident causation, type and cost.
- Identifying hazards.
- Principles of risk assessment.
- Methods of recording risk assessment.
- Removing or controlling risks.
- Work place application.

Course Outcome

Successful completion of this course will result in the issue of a certificate of attendance.
